

FRESNO BETSUIN JAPANESE LANGUAGE AND CULTURAL SCHOOL

The Fresno Betsuin Japanese Language and Cultural School allows children ages 5 and older to learn basic conversational Japanese, reading, and writing in hiragana. The school has also expanded its focus to promote and appreciate Japanese culture. The FBJLCS seeks to incorporate the Japanese language and culture into a unique educational experience that fosters academic excellence, ethnic pride/awareness, creativity, and cultural competence for today's multicultural society.

Activities include a monthly calligraphy (sumi-e) class, guest lecturers, monthly culture day, and past field trips throughout the years.

Classes (beginning, intermediate, advanced) are held Saturday mornings from 9 -11 AM during the academic school year (September-June) at the Fresno Betsuin Buddhist Temple classrooms at 2690 E. Alluvial Ave.
